

Thanks to:

Mommy and Biffo - for everything.

The Conniffes & the Lynches - not all of them, just the ones related to me.

Special thanks to Granny for all the books - you're a topper!

Joey - obviously.

Everyone I met at the open mic in Woodstock, Itaewon, Seoul. It's all your fault!

Rohan, Al & David - ye took some very basic songs and crafted them into real beauties. I couldn't have asked for more.

Lukas Betlach, who painted the artwork for the album cover - maybe one day I will get over how stunning it is but I haven't yet.

Ursula Campbell, for painting the beautiful hummingbird on the CD - it's perfect!

The listeners (especially the crowd-funders) because, otherwise, what's the point?

"If love slips out of your hand  
Don't fall into Despair  
Keep searching.  
Fight to find it  
Until you reach Him, see Him,  
Don't sleep, don't eat, don't relax."
